

Chaos to Clarity: How Fonn Simplified Project Management for Mountjoy

Mountjoy has been providing construction, refurbishment, building maintenance, and facilities management services across the south of England since 1992. Beginning in the Isle of Wight, they've grown steadily to reach a turnover of circa £46m today.

Darren Quainton, the Operations Manager, knew that project management could be a lot smoother and more efficient than it was. Managing quantity surveyors, site managers, and project managers meant Mountjoy needed a system where everyone had access to the same up-to-date information. Their old system was clunky and time-consuming every document had to be uploaded and sent out one by one, making it a hassle to keep everyone in the loop. Without a way to ensure all teams had access to the latest specifications and drawings, they struggled with miscommunications, delays and even total reworks when outdated information had been used.

That's where Fonn came in.

"We definitely recommend Fonn to others in the construction industry because of the value it provides, especially when compared to other options."

Darren Quainton

Operations Manager for Mountjoy

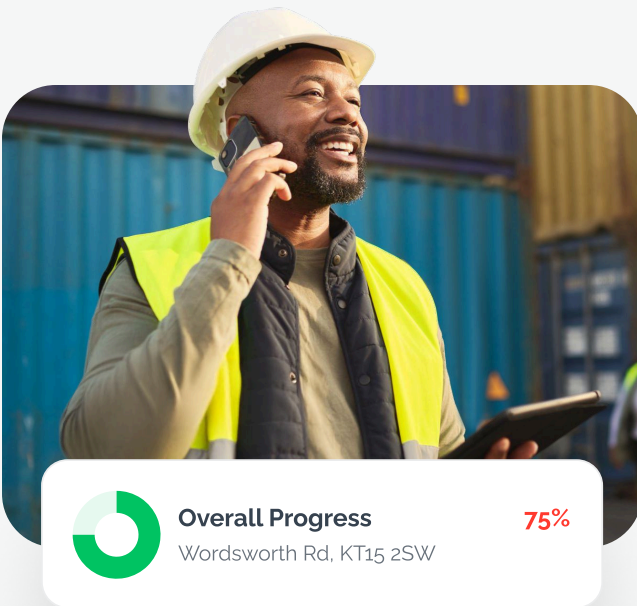

With Fonn on their phones and tablets, the site team finally had everything they needed at their fingertips. Now project updates are always accessible, and reviewing drawings is straightforward down to the finest detail.

Since partnering with Fonn, managing projects across multiple teams and locations has gone from frustrating and uncoordinated to simple and efficient. Darren's job and the work of his entire team became instantly easier.

How Fonn took the hassle out of project management for Mountjoy

Fewer delays, quicker communication, and more clarity thanks to Fonn.

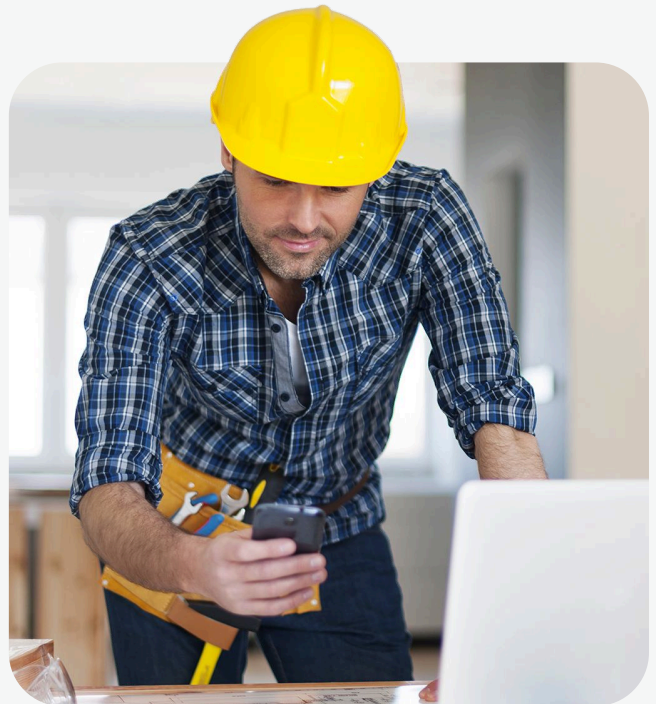

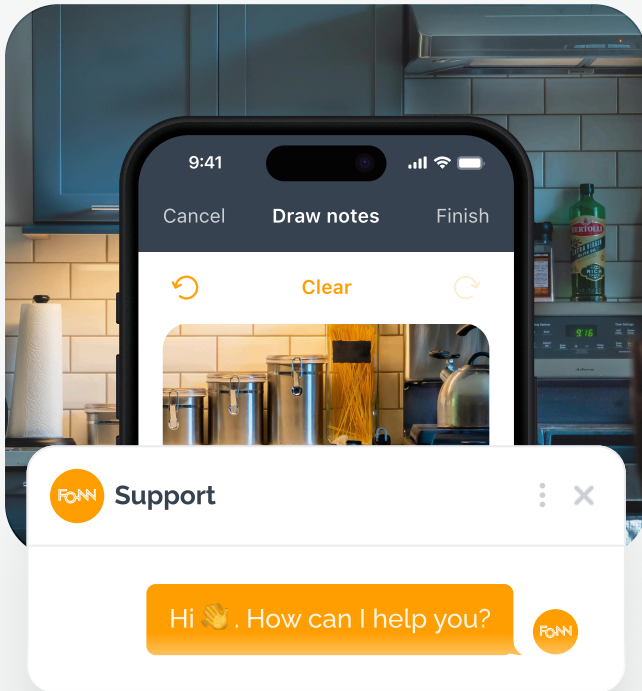

Efficiency

Having all project information on one easy-to-access platform makes collaboration smoother, reduces mistakes, and keeps everyone on the same page.

User friendly

Fonn's intuitive interface fit right into the team's workflow from day one. The mobile and tablet experience has been no different simple, straightforward, and convenient.

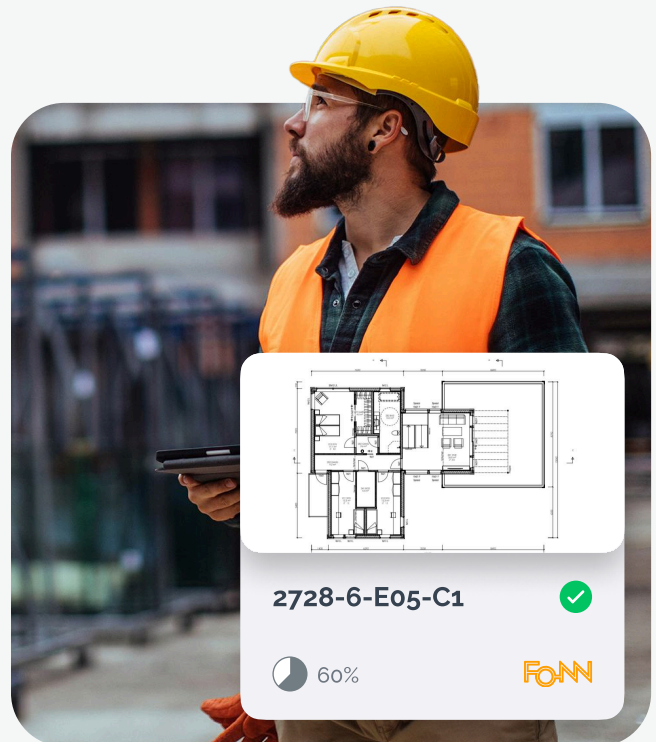

Ongoing support & training

Darren appreciates the level of support Mountjoy gets with Fonn. He and his team have enjoyed training sessions and seminars, putting faces to the folks behind Fonn.

Affordable

No matter the size of the company or its turnover, everyone has a budget. Mountjoy have found Fonn to be great value for money, saying it's been **"much better and more appealing than some of the other project management platforms out there."**
